

Sports Premium 16/17

The Government is providing additional funding of £150 million per annum for academic years to provide new, substantial primary school sport funding in order to improve the provision of physical education and sport in primary schools. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to schools to be spent on improving the quality of sport and PE for all their children. This funding is ring-fenced and therefore can only be spent on provision for PE and sport in schools. We will be held accountable for how we have used the additional funding to support pupils progress and participation in PE and school sport.

For 2016, we have received £8812. The first Instalment of £3671.65 was received in the summer term. The second instalment of £5140.31 was paid in the Autumn Term. The total amount we have spent on sports is £13,179.

Resource	Cost	Objective	Impact
Specialised Sports Company planning and delivering lessons for Years 1-6	£6723	To ensure children have access to curriculum for sport and to enhance the provision of their PE Lessons.
