- enjoy communicating, collaborating and competing with each other.
- develop an understanding of how to improve in different physical activities and sports and learn how to evaluate and recognise their own success.

Maths

Topics: Converting units, perimeter, area and volume, ratio

Key Skills:

- Solve problems involving calculation and conversion of units of measure, using decimal notation up to three decimal places where appropriate.
- Use, read, write and convert between standard units, converting measurements of length, mass, volume and time from a smaller unit of measure to a larger unit.
- Convert between miles and km.
- Solve problems involving the relative sizes of two quantities where missing values can be found using integer multiplication and division facts.
- Solve problems involving similar shapes where the scale factor is known or can be found.
- Solve problems involving unequal sharing and grouping using knowledge of fractions and multiples.
- Recognise that shapes with the same areas can have different perimeters and vice versa.
- Recognise when it is possible to use formulae for area and volume of shapes.
- Calculate the area of parallelograms and triangles.
- Calculate, estimate and compare volume of cubes and cuboids using standard units, including cm³, m³ and extending to other units.

Ivrit

Topic:

After the trip

Key Skills :

- Engage in longer conversations.
- Create his / her own sentences using knowledge of basic sentence structure.
- Write a range of phrases and sentences from memory and adapt them to write his / her own sentences on a similar topic.
- Use vocabulary learnt

Ideas:

- Take part in simple conversation and express their opinions.
- Write a short text on a familiar topic.
- Understand longer and more challenging texts..

from reading in different contexts and use dictionaries to find a wide range of words.
