

4 March 2021

Dear Year 6 Families,

We have come to the end of a really challenging time! We made it! Thank you all for your help and support during this time. Year 6 truly did an excellent job at navigating, learning and engaging with the curriculum during remote learning. We are very proud of them and they should be proud of themselves as well!

We are extremely excited to welcome the entire year 6 class back on Monday! We are really looking forward to having the entire class altogether and focussing on being a team! The year 6 team and SLT have been brainstorming a new fresh approach to ensure that all the children truly enjoy what is left of their time here at Morasha. We are going to focus on delivering shorter lesson introductions with shorter tasks followed by 10 minutes of golden time given to everyone.

We have planned a lot of fun lessons and activities for the children including an exciting science day! We know the return to school will be an adjustment for everyone involved. We truly hope that with a new fresh approach that we will have a very fun and successful end to year 6!

Wishing everyone a wonderful weekend and a Shabbat Shalom,

The Year 6 Team
