	Specialist sports company used to improve the standard of the PE curriculum and the teaching of lessons. Frontline Football developed a whole PE curriculum in line with NC expectations. Class teachers in PE lessons alongside specialist staff which aids their CPD and our school's curriculum development.	£14,400	PE curriculum has a better balance, is more comprehensive and has more breadth and depth. Teachers better equipped to deliver lessons, if and when required. PE curriculum has been printed to allow us to share this with parents at curriculum and parents' evenings, for example.	Encourage more involvement from the coaches in discussions with the PE Lead and SLT to ensure sustained and homogenous relationships. Encourage sports company to develop means of sharing their curriculum and outcomes digitally. Introduce formal PE assessments to inform children and parents of progress at termly intervals. Change swimming provider and location to ensure more consistent and reliable provision.

Objective 3: Addressing the issues presented by a smaller than average playground space by offering pupils increased access to sports and activities.			Percentage of total spending
			11%
Actions taken	Funding spent	Evidence and impact	Sustainability and suggested next steps
School hired the sports pitches at Woodhouse College, and the Woodside Stadium in Watford, for weekly football clubs and end-of-year Sports Days.	£375.42	Along with the use of our school hall and playground for after-school clubs, this ensured that children have access to appropriate facilities in which to enjoy participating in sports, rather than 'make-do' in our existing playground.	Assess the playground space at the completion of our building project. Work with specialist sports company to assess this space, and continue to fund extra provision and spaces if required. Continue to expand the opportunities for competitive sport, especially by utilising our connections within our MAT and local schools.
School purchased equipment that would enable children to enjoy a greater variety of sports and for greater regularity of usage. This included equipment for athletics, cricket, tennis, basketball and hockey.	£1515.36	Availability of equipment means children have more opportunities to play the sports.	Continue to invest in appropriate sports equipment.
